

CREATIVE
PRINTING
WORKSHOPS
IN THE HEART
OF LISBON

ABOUT

Lisboa Social Press is an independent space for hands-on and creative workshops. Located in the heart of the city, the artist run space was founded in 2018 and specialises in Fine Art printmaking.

Each workshop aims to give participants an overview and practical application of the relief printing process, with a focus on lino printing techniques. Using step by step guides and practical tuition, we will assist you in creating a complete edition of your very own prints.

LOCATION

Located on the Rua Santa Justa in Baixa, the third floor Atelier is just seconds from the Elevator Santa Justa and offers a space of quietude from the bustling street below. Originally an apartment, the Atelier boasts all of its original features including its traditional Azulejos tiles. The building, constructed soon after the 1755 earthquake, is a beautiful example of the city's renovation under Marques de Pombal.

THE TUTORS

Jillian Roberts —A graduate from Fine Art Printmaking at the Royal College of Art, since completing her studies in 2015 she has taken part in several group and solo exhibitions in Portugal and abroad. Before moving to Lisbon, Jilly's work included orchestrating a range of workshops in London's Fashion and Textile Museum and guest lecturing at Brighton university and Writtle college. CELTA qualified, Jilly has had three years teaching children and adults internationally.

Tom Maryniak—After graduating from Bath Spa in 2012, Tom went on to develop his practice in New York before returning to London in 2015 and focusing his attention on wallpaper and pattern design. With a passion for woodblock printing in particular, he continues to develop his own practice alongside collaborations with publications and magazines. He continues to organise and conduct print workshops in the UK and abroad most notably with Bath Spa university, UCA Canterbury and FICA Lisboa.

THE WORKSHOPS

Participants are requested to arrive ten minutes before the appointed time of each workshop and to wait outside of the post office on Rua Santa Justa where one of the tutors will greet them and take them up to the Atelier once all of the group has arrived.

Meeting Point: Post office CTT
Rua de Santa Justa, 17, 1100-998 Lisboa

Once everybody has been introduced each workshop will last for four hours with some flexibility in running time so that all participants are able to complete all of the images that they set out to print.

A maximum of 4–6 places are available per workshop with one or both tutors on hand to guide the participants through each stage of the process.

The workshops usually run from 14:00–18:00 but depending on availability of the participants we are also able to run a morning workshop from 09:00–13:00.

Your prints will take 12 hours to fully dry. We are happy to arrange for the shipment of your work for a small additional fee.

All workshops are taught in English.

Tile Workshop —The Tile Workshop is a four-hour opportunity to make reductive and repeat pattern lino prints. Within a small group you will work with artists to create experimental and process led images that are inspired by the city of Lisboa. The workshop will give participants a hands-on and sociable afternoon where they can experiment with colour, symmetry and the classic Lisboa imagery that surrounds the city.

L.S.P. ORIGINAL

Price per person: 45 Euros

Workshop running time: 14:00–18:00
